Attention: Josh Goldman

Dear Josh:

Now that we are well into the installation and rental of our storage cabinets, I want to let you know that we are extremely satisfied with the way the installation has been handled.

Our cooperators are delighted with the storage system.

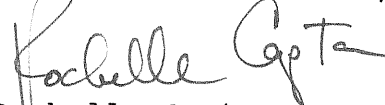

Your company handled the entire program with professionalism and you have dealt with the public relations perfectly.

Above all, it is very nice to receive that check monthly with so little effort expended by the Housing Company.

We look forward to a long and amicable relationship.

Very truly yours,
